

As your local community pharmacy, we can offer a wide range of services and facilities for you and your family.

Dispensing

We dispense NHS prescriptions and will give advice on how to get the most benefit from your medicines. We keep a comprehensive stock of medicines and use a fast and an efficient wholesaler service to enable us to fill all prescriptions promptly.

Repeat Dispensing

We can dispense NHS repeat dispensing prescriptions issued by your doctor. Ask us for more information about this service.

Medicine containers

All medicines are dispensed in child resistant containers unless you ask us not to.

Please remember: **keep all medicines out of the reach and sight of children.** Our pharmacist can advise you on safe storage of medicines.

NHS Unwanted Medicines service

Please return all unwanted medicines to the pharmacy where we will dispose of them safely.

NHS Health Advice, Self-care and Sign Posting

The pharmacist and our trained assistants are available for advice on all medicines and minor ailments, in private if required. We can also give you advice on how to live a healthy life, for example, advice on how to stop smoking or healthy diets. We can direct you to other sources of advice and assistance if we cannot help you ourselves.

NHS Medicines Use Reviews

This is a medicine check-up service, which is useful if you regularly take several prescription medicines or are on medicines for a long-term illness. This confidential NHS service will help you to find out more about your medicines, identify any problems you may be having with them and help you to take your medicines to best effect.

NHS New Medicine Service

When you are prescribed a medicine to treat a long-term condition for the first time, the pharmacist will support you to use the medicine safely and to best effect.

The pharmacist will talk to you approximately two weeks after you first receive the medicine to see how you are getting on with it and to discuss any problems you may have. A second follow-up will be a month after you first receive the medicine. The service is only available to people using certain medicines; our pharmacist will give you details and offer this free NHS service, if this is available to you.

Patient Medication Records

Our computer allows us to keep records of all your prescriptions dispensed by us. This helps us check for possible problems, such as reactions between medicines and will help us deal with any queries you may have.

We comply with the Data Protection Act and the NHS code of practice on confidentiality. If you want to discuss the records we keep, please ask to speak to the pharmacist.

Want a quiet word?

We have a consultation area available if you'd like to discuss something in private.

Other Services we provide:

Repeat Prescription Collection Service

We offer a repeat prescription collection service from selected local GP practices. Please ask for details.

Medicines sales

We keep a wide range of over the counter medicines and also vitamins and mineral supplements.

Emergency Hormonal Contraception

Emergency Hormonal Contraception, commonly known as the "morning-after pill", is available in our pharmacy either with or without a prescription.

Emergency supplies

If you need one of your regular medicines in an emergency when you are unable to contact your doctor, we may be able to help.

We must stress that this can only be done in genuine emergencies and it may incur a charge.

If you would like any more information about any of the services mentioned, please ask a member of staff or telephone the number on the front of this leaflet.

Stop Smoking Service

In addition to offering help and advice on stopping smoking, we can help you to kick the habit through a wide range of stop smoking products to support you in your quest.

Comments, Suggestions, Complaints and Compliments

Our aim is to give the highest possible standard of service. We would like you to tell us what you think about the service we provide at this pharmacy.

If you have any comments, suggestions or complaints, please speak to a member of staff. We welcome any general comments about the services we provide and any suggestions of ways in which we can improve our services to you.

We operate a complaints procedure as part of the NHS system for dealing with complaints. Our system meets national criteria. Our Pharmacist will give you further information.

You may also seek advice from the local Patient Advice and Liaison Service (PALS). PALS are not part of the complaints procedure itself but they might be able to resolve your concerns informally or they can tell you more about the complaints procedure and independent complaints advocacy services.
